☐

If an estimate is not required, repair work will be performed up to half the value of the repaired product without asking for consent. An estimate, written or oral, may be charged 250.- (flat rate), and scaled down if a repair order is required.
Upon completion of each repair, a safety check is performed in accordance with SNG482638.
Once the device repair service is completed it will be returned to sender or requested to be picked up. If it is not picked up, a daily storage charge may be billed beginning on the third day. If it is not collected within, after 10 working days we will feel free to take care of the disposal. The same applies after having duly informed the Customer about the repair estimate.
By delivering the device to us, you declare that it is free from biological and chemical contamination (Biosafety).

Place, Date:

Signature:

This form must not be altered, any abuse may result in criminal prosecution. By signing you agree to all of the above statements.
