

READY-TO-USE DETERGENT WITH HYGIENIZING EFFECT

- Its hydroalcoholic formula allows it to dry quickly.
- Suitable on all surfaces.
- Ethylic alcohol based.

SUGGESTIONS

SANDIK can also be used for the rapid cleaning and hygiene of clinic beds, gym equipment and tanning lamp screens. Ideal for frequent and rapid disinfection of surfaces. It integrates the normal cleaning and hygiene procedures allowing to obtain more safety in the reduction of microbial contaminations.

DESCRIPTION

During the day it is not always possible to find time to the hygiene of surfaces, machinery or accessories.

SANDIK is a ready-to-use detergent with hygienizing effect for hard surfaces. Its hydroalcoholic combination of active detergent with hygienizing effect ingredients makes it specific for rapid and targeted hygiene of hard metal surfaces, painted, tiled, glass, plastic, plexiglass and wood. Particularly recommended for an effective and daily hygiene in the health sector: medical clinics, dental clinics and hospitals.

SANDIK is a product suitable for the HACCP protocol, therefore ideal for the processing of fish, meat, fruit, vegetables, sales counters, slicers etc.

It allows an effective intervention of hygiene of the external surfaces of the machines placed in the areas of preparation and cooking of food, but also work surfaces, tables, beds of wellness centers, handles, combs, desks, telephones etc.

READY-TO-USE DETERGENT WITH HYGIENIZING EFFECT
